						In 6-7 hours every day

Clients have to telephone 5 days before 72 h for appointment (its better to book the appointment when they arrive in Greece)

**\*\* These centers, they send the PCR tests to Metropolitan Centers and for this reason, they need more than 36 hours for the results  
In these centers there are not PCR tests results (very important information)**

In the centers they can have PCR test on Saturdays, the result will be ready the same date or on Monday until noon!

For PCR test it is necessary clients' ID or passport full name, departure flights' schedules, mobile telephone and mail address for the results.

The green color are the good points

We have 3 jackpots

1) Piraeus COSMOCLINIC (24 hours sampling swab ) for ALL the islands

2) Corfu CORFU MEDICA sampling swab and results + Saturdays

3) Santorini -Fira good news -results up to 6 hours and Saturday

4) Rhodos KRITO MEDICAL CENTER sampling and results every day except Sunday

5) Stoupa FALIREAS sampling swab all the week except weekend (for ALLIBERT clients early the morning )

In Kalamata the sampling tests and results AND Saturday

6) For Creta I suggest Chania AFFIDEA in order our clients to have time for results, as they stay in Heraklion one night

7) In Heraklion good diagnostic center is Asklipios -sampling and results every day except Sunday
